ABOUT ME

Experienced web developer specializing in Shopify, passionate about crafting exceptional e-commerce solutions. Proficient in HTML, CSS, and JavaScript, I've successfully delivered engaging online stores that drive business growth. Collaborative and detail-oriented, I thrive in dynamic environments and excel at meeting project objectives. Eager to contribute my skills and expertise to a forward-thinking team, creating impactful web experiences. Let's build something remarkable together.

EXPERIENCE

Web Developer, DoWhatWorks; San Deigo, CA — 2021 - 2023

Customized Shopify themes code to meet clients' branding and demands. Implemented responsive design for a seamless user experience. Optimized site performance and loading speed. Integrate essential e-commerce plugins and third-party apps. Updated and managed product listings and inventory. Updated product categorization and tagging. Enhanced SEO strategies for better online visibility.
